

Vineyard Committee

The purpose of the Vineyard Committee is to collaborate around the issues impacting grape growers in Anderson Valley. The volunteer committee is committed to vetting current challenges and anticipating things that may lead to issues downstream in the future. These may include but are not limited to farming practices, pest and disease, sustainability, fire safety, and changes occurring in the microclimate, which may impact farming and economic viability. The committee's goal is to address concerns, build vineyard relations, identify helpful seminars and workshops, and elevate critical issues to the Anderson Valley Winegrowers Association to request support.

Tuesday, February 22nd, 2022

Attendees Present:							
x	Andrew Beebe (Chair)	x	Norm Kobler		Tony Bugica	x	Courtney DeGraff
x	Travis Foote		Justin Jackson	x	Linda MacElwee		

Agenda & Discussion

1. Committee Meeting Logistics:

- Goal will be to meet every four to six weeks for 60 minutes in the afternoon on Monday or Tuesday
- Courtney will work with the Chair in agenda development and the overall administration of the group
- Critical issues and requests for support to be funneled to the AVWA BOD meeting (1st Thursday/month)
- [Shared Google Account](#) (minutes, documents, etc.).
- **Follow-up**

2. Open Discussion:

a. Housekeeping

- i. [Water Newsletter](#)- thoughts? helpful? **Courtney** to email vineyard members directly as an additional poke to vineyard members to complete surveys
- ii. Agricultural Forecast/Western Weather Group- Farm Bureau members get this report for free... paid by AmAg Credit
- iii. Vineyard Ecotour - Biochar, April 5th; burn permit ends at 3 pm
- iv. Debrief on Environmental Committee
 1. Ecotours: Pennyroyal in March (SWEEP, CDFA)
 2. Fish Friendly Certification
 3. Survey re: sustainability
 4. Mendocino Local:
 - a. June - Land Trust x Filigreen Farm
 - b. Fall- "Anderson Valley Resilient Lands" Land Trust symposium- Oct 15th
- v. PNF Tech Conference
 1. Future-Proofing Vineyard Sub-Committee kicked-off
- vi. Upcoming
 1. Feb 24, 10 a: [MWI Soil Health Webinar: What is it and Why does it Matter?](#) (Zoom)

2. Feb 25: [CDFA Healthy Soils Program Application Closes](#)
3. Feb 27 - Mar 3: [California Small Farm Conference](#)
4. Mar 1, 10 a: [AVWA Employment & HR Overview with CMPR Law & BBSI](#) (Zoom)
5. Mar 10, 4p: AVWA Environmental Committee meeting
6. Mar 16-19 (TBD based on weather): Biochar tour @ Roederer
7. Mar, 23 or Mar, 24: TBC, Eco Tour @ Pennyroyal Farm
8. Mar 29
 - a. TBD- Vineyard Floor Management @ Pennyroyal (?) + Ferrington
 - b. 5 pm: AVWA Vineyard + Winemaker Social @ Norm's/AVWA Office
 - i. Invite Devon, Ted Williams, Drought Initiative program director - ?

b. Water

- i. April 1st Full-Day 2022 [UCD Drought Preparedness Workshop](#) w/Lunch \$50 - Kaan Kurtural
 1. **May TBD-** UCD Coastal Water Program Workshop hosted by Chris Chen
 - a. Kaan is having a [Drought workshop](#) in April (\$50); Chris still wants to plan a free workshop as a follow-up to these + new topics
 - b. Climate Smart Water Practices Agriculture & Funding Sources (MRCD)
 - c. Likely two half-day Zooms (due to Kaan's in-person workshop) focused on coastal areas; trying to design for continuing education hour application. Speakers have been identified and reached out to. Targeting early May.
 - i. Session 1: Applied practices: technology & strategy
 - ii. Session 2: Regulatory & forward-looking
 2. Workshop Sponsor(s):
 - a. Mendo Resource Conservation District Manager (flyers and planning)
- ii. Russian River WaterShed vs. Navarro (Devon assistance)
 1. Devon inquired with National Marine Fisheries Service a potential outreach meeting in the Navarro related to their [Voluntary Drought Initiative](#) program; she recommends a Zoom meeting with Navarro diverters w/MWI & AVWA. Opportunity for Watershed to share information about the program.
 2. Possible dates in march for 1 hour zoom presentation on program? Ahead of April frost season...
 3. Group agrees that this topic is likely better suited for the Chris Chen workshop event... we can invite Farm Bureau to our events

c. Vineyard Management

- i. Vineyard workshop/tailgates/seminars in 2022 - topic/focus TBD
 1. Ideas:
 - a. Biochar at Domaine in March
 - b. Canopy management workshop; UC Davis has a team that is traveling together
 - c. Whip 2 Applications + [Crop Insurance](#)
 - d. Supply logistic issues; the rising cost of trellis, etc.
 - i. [Vineyard Industry Products \(VIP\)](#)
 - ii. Dan Drake, [Jim Supply](#)
 - ii. Regulate viticultural burn regulation:
 1. To go into place in Central Coast by 2025 to eliminate burning; caps by acre
 - a. How do exemptions work for viral pathogens?
 - b. How do we collectively work together against this?

d. Next Meeting Date:

- i. **No meeting in March, 29th 5 PM - Social at Norm's/AVWA**

2022 Calendar of Ideas/Events:

1. Produce Quarterly Vineyard Newsletter (is this desired- ?)
2. Vineyard Member Networking Opportunities:
 - a. Sponsored workshops/seminars (1-2/year)
 - b. Tailgate lunches/discussions (idea for winter- ?)
 - c. AVWA socials (6-9/year)

Working Calendar of **possible** events/timeframe, as coordinated by the Environmental & Vineyard Committees.

January	February	March	April
	Vnyd Newsletter: AV Water Usage Overview	Seminar: Employment & HR Webinar Eco Tour: Pennyroyal Eco Tour: Domaine Biochar Enviro Newsletter	
May	June	July	
Pinot Fest Workshop: UCEE water-? Tailgate: Vnyd Replanting-? Social: 5/31 @ Greenwood Ridge	Tailgate/Eco Tour: Filigreen Farm- Land Trust Social: 6/20 @ Lula Cellars	General Meeting & Social: 7/28 @ Maggy Hawk	Sparkling Harvest Social: 8/18 @ Goldeneye
September	October	November	December
Harvest	Eco Tour: AV Brewing Social: 10/27 @ Foursight	Seminar/Tailgate Vnyd Newsletter: Social: 11/9 @ Bewildered Pig	General Meeting & Social: 12/8 @ TBD

Topics for Consideration:

1. Possible Member Educations/Workshops/Tailgates:
 - a. H2A Program - an opportunity for member education
 - b. New regulation for labor
 - c. Whip 2 Applications + [Crop Insurance](#)
 - d. Dry Farming – soil type/rootstock/time sacrifice (no fruit to encourage root development)
 - e. Pruning Competition (vineyards pay a fee to participate and win prizes) followed by BBQ
 - f. Biochar
2. Thank You Picnic - develop relations with winemakers
3. Climate Change
 - a. Fire
 - b. [Grape Reconsideration in California](#)
 - c. [The Greening of Bordeaux](#)

- d. [California Faces Another Dustbowl Vintage](#)
 - e. [Webinar: Our Path to Zero Carbon Emissions - Session 1](#)
 - f. [Accelerating nature-based solutions to achieve California's climate change goals](#)
 - g. [California Biodiversity Collaborative \(Collaborative\)](#)
 - h. [Water Infrastructure Funding Act of 2022 \(More Water Now\)](#)
4. Vineyard Management:
- a. [Glyphosate](#)
 - b. [Dry Farming](#)
 - c. [Drone Technology for Spraying](#)
 - d. [Vineyard Tech & The Green Cyber Revolution](#)
 - e. [In Sonoma County, 'Regenerative Agriculture' Is the Next Big Thing](#)
 - f. Post-Harvest Activity: Cover Crop Seeding - *Not recommended in 2021 due to drought situation & cover crop may not be advisable*
 - g. *Vineyard industry events/groups: Sonoma county Vit Tech group*

Roster of Prior Discussions:

- a. *Pinot Fest Tech Conference: 10/19/21*
- b. *Vineyard Water: 8/14/21, 10/19/21*
- c. *Dry Farming: 8/14/21,*
- d. *Emergency Access: 8/14/21,*
- e. *Fire: 8/14/21,*
- f. *Mendocino County Farm Advisor: 8/14/21*

Committee Members:

Andrew Beebe: Andrew works with Roederer Estate, Scharffenberger Cellars and Domaine Anderson (DA). He has worked five harvests with them and oversees the 17 acres biodynamic project at DA. He has performed vineyard research work at UC Davis and completed his Masters in Viticulture & Enology. He has taught as an instructor at Fresno State teaching varying viticulture coursework.

Tony Bugica Tony grew up in an agriculture family and started his own landscaping business. He later chased the wine dream and landed in Sonoma County where he has worked as a ranch manager, followed by a few years in vine sales, he was VP Bacchus Vineyard Management (8 years), and is now an equity partner and Director of Sonoma Farming and Business Development with Atlas Vineyard Management. He is in his 16th harvest season. He served on the BOD for four years with the Sonoma County Grape Growers, as the President of the Geyserville Chamber of Commerce, and has recently joined the BOD for Alexander Valley Healthcare.

Norm Kobler: Norman grew up in Anderson Valley and sits on the AVWA Board of Directors. He has farmed most of the ranches in AV and has worked in vineyard management for most of his career. He now owns and operates Philo Vineyard Solutions Vineyard Management.

Justin Jackson, Casa Cristal Nursery - Originally from Woodland, CA. Family spent a lot of time in Mendocino and he has a personal connection to the area. Looking to hire a regional manager for the North Bay. Studied at UC Davis and moved to Bakersville in 2007 to work for Casa Cristal. Core of marketing is at the local level with associations around the state. Involved with some discussions around macro headwinds across the state. Casa Cristal is family owned - table grape producers, raisins and own a few wineries.

Travis Foote, Strictly Vineyards - General Manager, mostly in Anderson Valley but extends into Mendocino County. Finished his tenth harvest in Mendocino. Approximately 70-75% of their business is Anderson Valley clients. Most of the clients they have were already organic, and they have focused to convert clients to contact herbicides vs. systemic herbicides.

Linda MacElwee- Mendo Resource Conservation District Manager to assist landowners on best management practices on forest, water, soils, etc. Works with the AV ag community here, and getting vineyard and climate smart agriculture grants. Creating a regional database to help develop a rating curve for healthy soils. Recovery of steelhead salmon flow in the Navarro River. Lot of grants and money are forthcoming.

Western Weather Group's Mendocino County Forecast

This forecast is sponsored by American AgCredit

Issued: Friday, February 18, 2022 at 7:32 AM

HIGHLIGHTS: Temperatures stay consistent today and tomorrow with a significant cooldown starting Sunday. Areas of frost is possible throughout the next couple days into next week. Low pressure troughing disturbance approaching Saturday evening into early next week with strong gusts and possible showers.

Forecast Specifics	Weather	Max/Min	Dew Pts	POPs	Amounts	Winds
